**Subject:** RE: Request for info - are we doing anything with WHO?

Hi Kim,

Both Kent Thomas and I are working in separate IARC Monograph writing teams. IARC is part of WHO, but I do not know if it is part of the "WHO Chemical Risk Assessment Network." I have been approved to travel to IARC in Lyon, France in March (with the travel funded by IARC).

I am not sure whom I am supposed to respond to on this, so I will just let you send it up the chain.

Thanks,

Peter

We need this information ASAP. Are you aware of any work with the WHO? Ron Williams? Peter Egeghy? Dan Vallero? Joachim Pleil?

Please see below, request from Doug Steele in OSP re: whether NERL has any work going on with WHO.

Due to the tight timeline, please reply directly to Doug. Suggest you copy Jennifer and David.

Thanks, Andy

Andrew J. R. Gillespie, Ph. D.

Associate Director, EPA/ORD/NERL

**Subject:** Fw: Information About WHO Cooperative Agreement and WHO Chemical Risk Assessment Network

Andy,

This may not be in your area. Do you know if NERL is doing any work with WHO?

Douglas Steele, Ph. D.

Ed, Doug -

The Administrator will be in Geneva soon to meet with WHO, and Bill Sonntag is compiling information for her -- hence his request to Abdel concerning the cooperative agreement.

If you know of any other significant ORD interactions with WHO, please let Bill know. We should also give Bob K. a heads up at our standing meeting tomorrow morning (i will try to call in).
